

GOVERNMENT OF THE DISTRICT OF COLUMBIA  
BOARD OF ZONING ADJUSTMENT

Application No. 15911 of the Department of Housing and Community Development, pursuant to 11 DCMR 3108.1 and 3108.2, for a special exception under Section 2516 to allow a theoretical lot subdivision, a variance from the front yard set back requirement (Subsection 2516.5), a variance from the side yard requirements (Section 775), and a variance from the off-street parking requirements (Subsection 2101.1) to allow a subdivision and construction of five single-family row dwellings in a C-2-A District at premises 813 13th Street, N.E. and 1301-07 Wylie Street, N.E. (Square 1026, Lots 101, 102 and 103).

HEARING DATE: February 9, 1994  
DECISION DATE: March 2, 1994

SUMMARY ORDER

The Board provided proper and timely notice of public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 6A and to owners of property within 200 feet of the site.

The site of the application is located within the jurisdiction of ANC 6A. ANC 6A, which is automatically a party to the application, did not submit a written statement of issues and concerns regarding the application.

As directed by 11 DCMR 3324.2, the Board has required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for a variance from the strict application of the requirements of 11 DCMR 2516.5, 755, and 2101.1 and a special exception pursuant to 11 DCMR 2516. No person or entity appeared at the public hearing in opposition to the application or otherwise requested to participate as a party in this proceeding. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the applicant has met the burden of proof, pursuant to 3107 that there exists an exceptional or extraordinary situation or condition related to the property which creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. The Board also concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3108, that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map.

BZA APPLICATION NO. 15911  
PAGE NO. 2

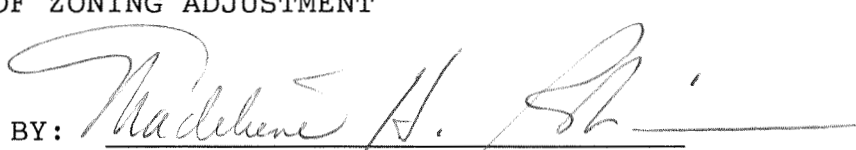

The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map. It is therefore ORDERED that the application is GRANTED.

Pursuant to 11 DCMR 3301.1, the Board has determined to waive the requirement of 11 DCMR 3331.3 that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case.

VOTE: 3-0 (Craig Evans, William B. Johnson and George Evans to grant; Laura M. Richards and Angel F. Clarens not voting, not having heard the case).

SUMMARY ORDER

The Board provided proper and timely notice of public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 2C and to owners of property within 200 feet of the site.

The site of the application is located within the jurisdiction of ANC 2C. ANC 2C, which is automatically a party to the application, filed a written statement of issues and concerns in support of the application.

As directed by 11 DCMR 3324.2, the Board has required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for a variance from the strict application of the requirements of 11 DCMR 2101.1. No person or entity appeared at the public hearing in opposition to the application or otherwise requested to participate as a party in this proceeding. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3107, that there exists an exceptional or extraordinary situation or condition related to the property which creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore ORDERED that the application is GRANTED.

Pursuant to 11 DCMR 3301.1, the Board has determined to waive the requirement of 11 DCMR 3331.1 that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case.
